DUCT TAPE

C-386

STRONG RUBBER ADHESIVE

DESCRIPTION

Duct Tape Cellux C-386 is an adhesive tape that combines polyester cloth and polyethylene film with a strong rubber adhesive, making it the most versatile tape in our brochure. Ideally designed for HVAC applications, it is used primarily for non-critical repairs. It can be used on irregular surfaces in the construction, automotive and home sectors. Best of all, thanks to its tackiness, it's the only masking tape that can stick to wet surfaces.

USES

- Temporary repairs: Quickly securing broken or damaged objects.
- Plumbing work: Sealing leaks in pipes and hoses.
- Do It Yourself projects: Creating ad hoc solutions, such as making temporary structures or fixing household items.

FEATURES

- Aggressive adhesive.
- Sticks immediately.
- Hand-tearable for used easily.
- Excellent cold temperature performance.
- Exceptional holding power for indoor & outdoor use.

TECHNICAL DATA

Property	Standard
Backing	Polyethylene film with cloth
Adhesive	Natural rubber
Thickness (mils)	6.7
Tensile Strength (lb/in)	8.6
Adhesion to steel (lb/in)	22
Elongation	80%
Service temperature	20°F to 200°F
Indoor/Outdoor	Indoor and outdoor

STORAGE CONDITIONS

Tape storage guidelines recommend keeping it in its original packaging, ensuring a cool and dry environment, away from direct sunlight. It is advisable to utilize the tape within 12 months from the date of shipment. Moreover, when applying the tape, ensure that the surfaces are clean, dry, and devoid of any grease, oil, or other contaminants.

HOW TO USE

1. Clean the surface.
2. Unroll, cut and apply.
3. Apply pressure with your hand reinforcing the adhesion.

SIZE

Widths (in)	Lengts (yd)
2”	40

At **Cellux** we understand that each project is different. We can manufacture the size according to your requirement.
